**H.F. 1269 Impact on Crown College and Future PSEO Students**

- Crown College classroom and student culture are heavily based on scripture and an agreement to our biblical/scriptural standards. If H.F. 1269 is adopted with the current PSEO language, Crown will have to make decisions on continuing our On-Campus PSEO program.
- Many PSEO students desire to attend a college like Crown College. If the existence of the PSEO program is called into question, their right to attend a Christian College for PSEO is also called into question.
- Crown College exercises its constitutional religious rights to educate based on biblical principles and wants to provide PSEO education to students who desire the same thing without risking the culture.

- With H.F. 1269 enacted, it is entirely possible a more local student could apply and get accepted to get their PSEO education at Crown without fully realizing the culture in which they are taking PSEO classes. This would not provide that particular student, other students in the class, and possibly the faculty with an optimal learning classroom environment.
